Introduction

28 Day Close Protection Program

The course main target is to provide the candidate with all the necessary theoretical knowledge and practical skills to work as a Close Protection officer in not only celebrity and executive environments but also within the Hostile environments and armed protection sector as soon as they complete our 28-day intensive program. The course will use minimum time spent on classroom lectures and instead maximize the time spent on realistic and scenario-based, in the field training. With exercises developed specifically to provide a thorough understanding of close protection operations worldwide. The CPO Course includes the overall knowledge within 'Business' and 'Dignitary' areas of Close Protection, a training program based on proven training methods.

The Course is approved by HABC and allows those that Graduate to apply for the SIA license within 2 to 4 weeks due to our UCP Direct center status with the International Awarding Body for compliance. The training will expose the participants to a unique experience, and an unprecedented level of expertise, which was accumulated by our Instructors in the territory of High-Risk Countries around the world during protection missions. The total environmental conditions, the climate, and the population are as real and suitable for the simulation of Executive and Hostile Protection training as you can find. All tasks are designed strictly for tactical response methods in High-Risk environments.

Curriculum Breakdown

The first part of the course guide you towards the HABC Level 3 Working as a Close Protection Officer and is the first step to gaining your SIA license to legally work within the UK boundaries and/or for UK companies overseas. It is a known fact that the SIA license is the main and most recognized license to hold worldwide if looking to gain employment within the security sector. You will also gain your Level 3 FREC (First Responder Emergency Care, equivalent to FPOSI) certification.

The remainder of the course guides you towards the armed security sector (private security contractor) with the endorsed Level 4 International Award in Firearms Training (9mm/5.56mm/7.62mm) for Hostile Environment Close Protection Officers.

Due to our ability to deliver hard-hitting, effective training for former Military Personnel, Law Enforcement Professionals as well as Close Protection Officers UCP set the standards back in 2010 for HECPO training by writing the only program that is endorsed by a leading body for compliance as well as being endorsed and praised by two of the British Militaries most recognized Leaders, Approved by ELCAS for funding former service personnel and CTP (Career Transition Partnership).

UCP provides advanced training courses for a wide range of missions, terrain, and tactical situations. UCP train both individuals and units, applying our knowledge and experience to support their objectives. Our world-class instructors are matched to the student audience.
